

S-5!TM Unprecedented Innovation Unmatched Quality Unbelievable Price

S-5!TM ColorGard[®] System Lifetime Limited Warranty*

Why do we offer a Lifetime Warranty?

Virtually every snow retention company boasts about product superiority. It is increasingly difficult to distinguish fact from confusing sales hype and empty claims. But only ColorGard[®] from S-5!TM offers a performance warranty for the life of the roof. That's not an empty claim, puffy boast or wishy-washy sales rhetoric—it's total, written assurance of system performance that no other manufacturer can match.

For over a decade, the ColorGard system has delivered proven performance in extensive independent laboratory testing and installations around the world. Using patented S-5!TM clamping technology and 100% non-corrosive metals (never plastic), ColorGard[®] systems are custom engineered to meet the specific needs of each project.

Don't let competitive rhetoric deceive you. At S-5!TM we put our money where our mouth is by introducing this industry first: we offer a lifetime warranty because we know that only the ColorGard[®] system measures up to the task—not just for a few years, but for the life of the roof.

What does the ColorGard[®] Warranty Cover?

This ColorGard[®] System Lifetime Limited Warranty provides:

- The S-5!TM clamps will not pull off the seam, break or otherwise cause the system to release
- The ColorGard[®] cross member and its anchorage will not buckle, break or otherwise fail under load
- The ColorGard[®] System will not corrode or cause corrosion of the roof
- The ColorGard[®] Snow Retention System will not damage the roof
- The ColorGard[®] System will color-match the roof for the life of the roof

Summed up—the warranty says our system will perform for the life of the roof! All warranted projects are subject to inspection and review by the manufacturer. The warranty does not cover circumstances over which we have no control, such as deficiency of the building structure, or components that have been abused or improperly installed. For complete Terms and Conditions of the ColorGard System Warranty Program LIMITED WARRANTY, see details at our website, www.S-5.com.

Step 2

Download the S-5! ColorGard Warranty Application Form PDF from our website, www.S-5.com. The Application Form must be completed by the contractor that purchases and installs the ColorGard Snow Retention System.

Comply with all requirements/instructions on the Form and send it, along with related documents and the warranty application/inspection fee to:

ColorGard Warranty
Metal Roof Innovations, Ltd.
8655 Table Butte Road
Colorado Springs, CO 80908

S-5! ColorGard® System Warranty Program
WARRANTY APPLICATION FORM

A. General. In order to initiate the ColorGard System Warranty Program ("Limited Warranty") activation process, this Warranty Application Form must be completed by the party ("Contractor") that purchases and installs the ColorGard Snow Retention System and must be submitted to Metal Roof Innovations, Ltd. ("Manufacturer"). Warranty eligibility includes any project in the Continental United States on which a ColorGard Snow Retention System is to be installed on a standing seam metal roof. The system is eligible for Warranty only when proper job-specific calculations have been performed using the S-5!™ ColorGard calculator ("S-5 ColorGard Calculator") available at www.S-5.com. Contractor shall submit this Warranty Application Form, together with all required accompanying documents, and the Issuance Fee to Manufacturer, at least sixty (60) days prior to the requested Field Inspection date, at the following address:

Metal Roof Innovations, Ltd.
8655 Table Butte Rd.
Colorado Springs, CO 80908

B. Required Documents. Contractor shall submit the following required documents ("Required Documents") to Manufacturer:

1. A fully completed Warranty Application Form that is signed by Contractor.
2. Evidence of a pending ColorGard Snow Retention System order or purchase from

Step 3

Once a satisfactory Field Inspection Report is provided by a designated representative of the manufacturer, you will receive your ColorGard Limited Warranty by mail.

ColorGard® System Warranty Program
LIMITED WARRANTY

I. Warranty

A. Metal Roof Innovations, Ltd. ("Manufacturer") warrants, pursuant to its ColorGard System Warranty Program ("Limited Warranty"), to the building owner ("Owner") that, subject to the express terms, limitations, conditions, and disclaimers set forth below, the ColorGard snow retention system ("ColorGard Snow Retention System") shall be free from System Failure, as provided in Article I(B) below, for the earlier of: (1) a period of thirty (30) years after the date of delivery or (2) until the roof is no longer commercially serviceable ("Limited Warranty Period"). The building owner is defined as the building owner at the time that the ColorGard Snow Retention System is initially installed. The ColorGard Snow Retention System is defined as the Manufacturer furnished ColorGard cross member and S-5!™ attachment clamps.

B. Pursuant to Article I(A) above and I(E) below, Manufacturer warrants against the following System Failure in regards to its ColorGard Snow Retention System:

1. The S-5! clamps will not pull off the seam, break or otherwise yield causing the ColorGard Snow Retention System to release;
2. The ColorGard cross member and its anchorage will not buckle, break or otherwise yield or separate from the S-5! elements.

**This literature does not constitute a warranty offer, and is intended only to provide information on the ColorGard® from S-5!™ Snow Retention System Limited Warranty. For complete details on the S-5!™ ColorGard® Limited Warranty, visit www.S-5.com.*
